Changing  
**LIVES**  
through horses

# Donate and help change a life.

Horses are a powerful way of inspiring young people to connect with others, become productive members of society and improve well-being.

To change their lives, we will support young people to gain key life skills and develop the desire to continue within education and training, whilst simultaneously gaining the tools required to support themselves into a career pathway of their choice.

By giving £10 today, you can help.

- Provide participants with learning materials and resources
- Ensure regular training for our coaches so they maintain and develop their professional practice
